HANDMADE ON MT. HOOD

We live on Mt. Hood, ride on Mt. Hood, and make snowboards on Mt. Hood. Since 2014, we have been building and shaping Habitual snowboards in the shop we built from the ground up. Buying Habitual Snowboards is supporting local snowboarders and snowboarding at its core.

GARIBAY FISH

Our all terrain, one board quiver machine. With a slightly set back stance, traditional camber under the bindings, a rocker nose, and a kick tail the Garibay Fish can rip anything in its path - whether it's parks, jibs, snake runs, tree lines, or pow.

MATERIALS: Poplar core with triaxial & unidirectional fiberglass

BASE: Sintered 4100

CAMBER:

SIZES: 148cm, 154cm, 158cm, 163cm

PRICES:

<i>Prepaid Wholesale</i>	<i>Wholesale</i>	<i>MSRP</i>

TWIN

The Twin is our freestyle workhorse. It's made for the core freestyle rider, built to take 200 day seasons and keep on ripping. The Twin was born for the habitual snowboarder.

MATERIALS: Poplar core with triaxial & unidirectional fiberglass

BASE: Sintered 4100

CAMBER:

SIZES: 144cm, 148cm, 152cm, 154cm wide, 156cm, 157cm wide, 160cm, 162cm wide

PRICES:

<i>Prepaid Wholesale</i>	<i>Wholesale</i>	<i>MSRP</i>
\$265	\$285	\$420

The same shapes and sizes as our standard boards, our team series uses biaxial carbon and S2 fiberglass in place of the standard fiberglass layers giving the boards more pop, more strength, and less weight. Built to meet the standards of our team riders, the Team Series is for rippers looking for higher performance.
